

## The faculty of pharmacy

### Educational Sources

The faculty has 16 teaching laboratories and a scientific research laboratory equipped with the latest equipment that make it competitive at the local and global level. It has a virtual pharmacy and a museum of medicinal plants. There are also two computer labs equipped with 50 computers available for students to use. All linked to the web, and equipped with a number of programs that belong to pharmacy. The laboratory figures are shown in the table as follows:

<b>The laboratory</b>	<b>Its number</b>
Pharmaceutical Laboratory	9H
PHH Physical Pharmacy Laboratory	74H
Laboratory of Analytical Chemistry and Analysis	17H
Organic and Pharmaceutical Chemistry Laboratory	11H
Laboratory of Pharmacology and Toxicology	37H
Chemistry Laboratory	5H
Laboratory Biochemistry Pharmaceutical and Biotechnology	10H
Microbiology Laboratory	6H
Research Laboratory (1)	16H
Research Laboratory (2)	38H
Industrial Pharmacy Laboratory	50H

Pharmacology Laboratory	42H
Pharmaceutical Design Lab	43H
Textile laboratory	46H
Master Laboratory	8H
Animal House Laboratory
