UPDATE: Please be aware that the “**UKRI GCRF/Newton Fund Agile Response call**” do have a closing date now which is the 31st of July, 2020.

Dear All,
Greetings,

In response to the global COVID 19 crises, UK organizations have launched several local and international calls to support the global response efforts. We are pleased to be sharing with you the two opportunities that are open for researchers from Low and Middle-Income Countries (LMIC) to tackle COVID 19. We encourage the involvement and engagement of researchers in Jordan as these two calls ensure the impact in the LMICs. Both calls **do not require match Funding**.
