

Course name: Kindergarten classroom management.

Course number: 0513345

Course credit: 3 hours.

Prerequisite: Without.

Course Description: This course deals with the current trends in classroom management and behavior modification techniques and how they affect reinforcement and give feedback about child's cognitive and emotional aspects in the classroom and school, through cooperative learning and observational learning. It also trains the prospective KG teacher to create a peaceful environment and to let the child apply his learning experiences.
